Faculty Email: _____

Graduate Student Supervisor (if applicable): _____

Graduate Student Email (if applicable): _____

Research Location: _____

Proposed Start Date: _____ Proposed End Date: _____

Additional Schedule Details (alternate hours; vacation schedule; etc.) _____

Energy UROP Proposal (over; pg 2)

Energy UROP Proposal Requirements

A proposal must be submitted with this form and must include the following components:

- Project rationale: What is the purpose of the project? Why is it important?
- Research question or hypothesis: What, specifically, will you investigate?
- Tentative milestones: What key milestones are there in your project?
- Your specific role in the UROP: What will you actually be doing?
- Why the project interests you and what you hope to get out of it, academically and personally. (Do you hope to get a sense of whether or not you are comfortable with lab research? Are you seeking guidance toward a professional degree or career goal? Do you want or need experience in a field outside of or related to your major?)

Please email both this Application Form and your UROP Proposal to Rachel Shulman, Academic Coordinator, MITEI Education Office, E19-370D, rshulman@mit.edu.

Letter of Intent Deadline: March 16, 2017 (emailed to rshulman@mit.edu)

Final Application and Proposal Deadline: April 1, 2017
